As part of her macro theory Dweck presents a micro theory of needs which is
interesting. In her theory of needs she integrates parts of many other needs theories, such as self-determination theory (Ryan & Deci, 2016). Her model fits with these earlier theories and builds on them by adding a meaningful stratification.

**Growth mindset for intelligence**

In her research, Dweck built on the theory of neuroplasticity, which is the brain's ability to continue to form new connections into adulthood, after it has been damaged or when it is stimulated by new experiences. This supports the idea that you can adopt a growth mindset at any time of life.
